

Assess, Adjust and Implement (AAI) Program™

MPulse Means Continuous Collaboration™

Reduce Risk, Implement MPulse Faster

A successful maintenance management program requires more than just great software. You need well-trained people who know how to use it, and you need a solution set up right to work with your company's assets and business processes.

The MPulse Assess, Adjust, and Implement (AAI) program begins with a comprehensive assessment of your current state and concludes with training and services to assist you in implementing improvements. AAI includes onsite implementation and training services, giving you hands-on support from our MPulse experts.

Who is AAI For?

AAI is for MPulse customers who want to get more out of their implementation. It's an ideal option for "rebooting" a waning program or finding ways to squeeze more efficiency out of an already successful one.

Key Benefits

- Improved results
- Optimized processes
- Renewed focus on maintenance management discipline
- Identifying new ways to use the full range of MPulse's robust feature set
- Expand use of MPulse throughout the enterprise

Comprehensive Service, Minimal Disruption

Our intensive program covers all the phases of a successful implementation. You'll be assigned a Senior MPulse Engineer who'll guide you the whole way through.

Kickoff Meeting

- Perform a collaborative needs analysis
- Establish goals
- Develop a plan for training curriculum, MPulse data clean up, and/or migration
- Create work processes
- Design reports and a database layout
- Assign responsibilities
- Import/clean up data in the MPulse database
- Stakeholders receive instruction from your MPulse Engineer/Trainer
- Simulate real scenarios using your own data
- Ensure your key players are up and running

"Go Live" Day Options

- Develop asset records
- Build preventive maintenance schedules
- Set up user groups
- Create work orders
- Enter service requests
- Test workflows
- Build dashboards

Sessions

- Day 1: Planning Meeting/Consulting/Adjustments/Software Training
- Day 2-3: Consulting/Adjustments/Software Training
- Day 4: "Go Live"

MPulse Implementation Success Guarantee

We're so sure you'll see results with the AAI program, we offer the MPulse Implementation Success Guarantee. Contact us to learn how we back up our promises.
