

MPulse Dedicated Account Manager

MPulse Means Personal Service™

Your MPulse Dedicated Account Manager is your personal MPulse consultant. Our goal is to ensure your long-term needs continue to be met. The combination of your Dedicated Account Manager's detailed knowledge about your organization and MPulse expertise ensures the ongoing success of your MPulse Maintenance Software implementation.

With your MPulse Dedicated Account Manager, you have a single point of contact for anything MPulse related. That means you are always working with someone who understands your organization and has the knowledge to implement our software to meet your needs.

Participating customers speak with their MPulse Account Manager regularly and usually have reoccurring, scheduled phone meetings. Your Dedicated Account Manager also can serve as a liaison between you and MPulse engineers.
